## CONCEPT

This program is designed for students who wish to build a solid foundation in academic Japanese in both oral and written modes. This also offers out-of-classroom project works, through which participants could study a variety of disaster prevention and reduction activities / institutions, implemented in Kobe (Hyogo Prefecture) area, near Osaka, where was hit by Great Hanshin Earthquake in 1995. Also participants could visit traditional cultural area such as Kyoto and/or Nara with local Osaka students, therefore they may learn Japanese culture and life. Classes are taught by Osaka University accredited instructors.

## PROGRAM SCHEDULE

- ◆ Jan. 31, 2019–Feb. 21, 2019

## ELIGIBILITY

### An applicant must;

- ◆ be enrolled at a college or university.
- ◆ Those who will have already graduated from home institution before enrollment are NOT eligible.
- ◆ be certified by an exchange coordinator / international officer/ Japanese instructor of home institution

## SCHOLARSHIP

With respect to the 2018 Spring Institute, Osaka University has applied a 80,000 JPY scholarship for qualified participants for Japan Student Service Organization (JASSO).

Updated information can be found in the URL below:  
[http://www.jasso.go.jp/scholarship/short\\_term.html](http://www.jasso.go.jp/scholarship/short_term.html)

## CREDITS / CERTIFICATE

- ◆ Osaka University offers two credits for successful Spring Institute participants
- ◆ For each student who meets the program requirements, Osaka University Center for International Education and Exchange will issue a certificate of completion.

## LEARNING OUTLINE

### Class information

30 Japanese classes(27 lectures + 2 day trips)  
= 45 hours class instruction (1class:1.5hour × 30)

Study trip for Disaster Prevention Projects at Kobe.  
Learn something in Japanese

Study trip for Cultural Experiences  
In the previous years, participants experienced making Japanese sweets, practiced tea ceremony, study Manga, etc.

In the early morning of January 17, 1995, west part of Japan, especially City of Kobe, was hit by a big earthquake (Great Hanshin Earthquake). About 6,500 people were killed and 44,000 were injured. The experience of this disaster has been important lesson to prepare for the serious damages of natural disasters,

such as earthquakes in Japan. The Spring Institute participants will visit key facilities of disaster prevention projects, such as E-Defense or Disaster Reduction and Human Renovation Institution.
